Marion County

Health Bulletin

The Mission of the Marion County Health Department is to improve the quality of life through preventing disease and

Public Health
Prevent. Promote. Protect.

What is Medical Reserve Corps (MRC)? A nation-wide organization of volunteers dedicated to helping their neighbors in times of disaster both natural and man-made. Remember the spirit of patriotism and neighbor helping neighbor that we witnessed after 911? People were willing and eager to donate their money, their time and their own blood to help those in need. People seem to come from everywhere when disaster strikes.

Unfortunately it is simply a matter of “when, not if” the next disaster will occur. CDC is constantly watching for threats that could bring the next deadly pandemic. Terrorist groups strike somewhere every day, Sir Lanka is a perfect example.

Mother Nature from time to time reminds us of her awesome power of destructiveness. Being a member of a volunteer group like MRC simply streamlines the process of utilizing well intentioned volunteers. Disaster scenes must be controlled for safety, security and accountability reasons. Volunteers are needed to assist the Marion County Health Department in protecting our population. Those with and without medical training are needed.

For information on becoming a member of the Medical Reserve Corps, contact the Marion County Health Department at (618) 548-3878.
