Health Bulletin

The Mission of the Marion County Health Department is to improve the quality of life through preventing disease and preventative health

Health and Safety Tips For the Eclipse

On Monday, August 21, 2017, a solar eclipse will be visible across the entire United States. The last total solar eclipse seen coast to coast in the U.S. was in 1918. Starting shortly before noon and lasting until 2:45 pm central time, people in Illinois can see the moon pass in front of the sun. There is a 70-mile wide path across the country called the path of totality, which is when the sun will be

completely blocked by the moon. Parts of Southern Illinois are in the path of totality and people there will see a total eclipse. See www.eclipse.aas.org for the path of the eclipse.

Looking directly at the sun is unsafe except during the brief phase when the moon entirely eclipses the sun. The only safe way to look directly at the unclipped or partially eclipsed sun is through special-purpose solar filters, such as eclipse glasses or hand-held solar views. To get your solar glasses contact Rainbow Symphony, American Paper Optics, Thousand Oaks Optical and TSE-17.

Marion County Coalition Against Drug Use

Overdose Awareness Day

When: August 31 from 5pm-7pm

Where: Fairview Park, Centralia—CN Pavilion (across from shopping center)

Speaker: Chris Marler

Entertainment: Jamie Nattier

FREE FOOD!

- **Informational Booths**
- **A demonstration for parents—Hidden in Plain Sight Room.**
Provides parents with clues from a teen's bedroom to help them determine whether their child might be experimenting with drugs or alcohol.
- **Memorial Walk—Bring a framed picture of a loved one who has been lost to an overdose.**

Overdose does not discriminate
